PROFILE

Aspiring Software Engineer with a strong foundation in computer science and hands-on experience in software development through academic projects and internships. Eager to apply my programming skills and problem-solving abilities to contribute to innovative software solutions. Motivated to learn and grow within a dynamic tech environment.

FRESHER

SUPPORT COURSE

Python Full-Stack developer- In Progress 02/2025 - Present Pyspider main branch basavangudi Bangalore 560019.

A passionate and results-driven individual with a strong foundation in Python and Full Stack Development, seeking an entry-level position to apply my skills in web development, database management, and front-end technologies. Eager to contribute to building scalable and efficient software solutions while continuously learning and growing in the field of full stack development

MASTER OF PROJECT ACADEMY

SENIOR CITIZEN CARD SYSTEM (07/2024 - 11/2024)

This project proved good for me as it provided practical knowledge of not only programming in ASP.NET and C# .NET web based application and some extent Windows Application and SQL Server, but also about all handling procedure related with "Senior Citizen Card System". It also provides knowledge about the latest technology used in developing web enabled application and client server technology that will be great demand in future.
